LAB REVIEW -1

NAME: KISHORI KAMALI M

REG NO:23MIC0055

COURSE:- CSI3007-ADVANCED PYTHON PROGRAMMING

SLOT:- L31+L32+L49+L50

TITLE:- Hospital Patient & Test Management Portal

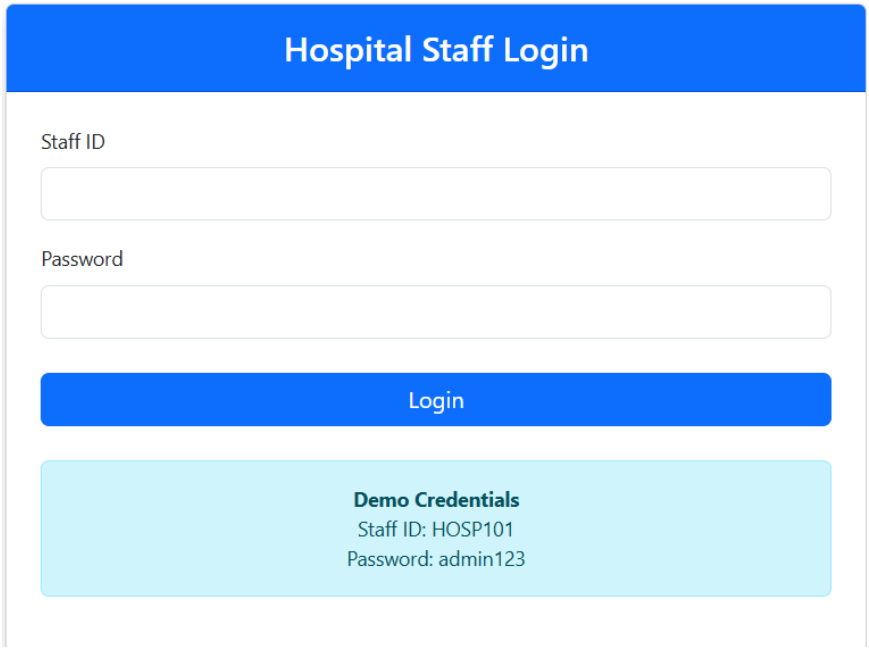

WHAT DOES YOUR WEBSITE DO?

The website manages patient details and laboratory test requests in a hospital.

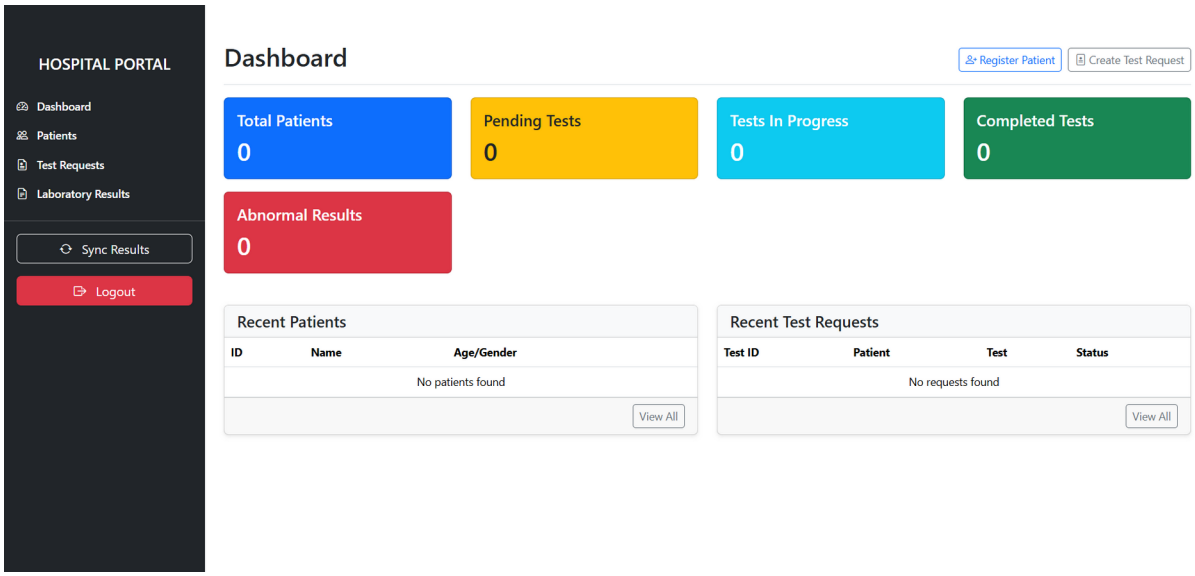

It sends test requests to the diagnostic laboratory and receives laboratory results through Dropbox API.
